<p>Objection to application (revised) - 2023/91327</p> <ul style="list-style-type: none">- It looks like the drawings have been amended to give extra light to 152, what about the lack of light to 148 on the other side- Bedroom 3 looks very small for a room and it's in the eaves, but no dimensions, starting to look like student accommodation already- Front driveway is still drawn over the disabled bay which covers at least 50% of the front of this property- Highways latest document says there is ample parking but why would he involve parking up the road, It would be just as insulting to say "there is ample parking here you can just park on the next street, or park in town and walk home".. Nobody on this street has a right to park outside their own home, its first come first served, so why should this house get special treatment when nobody else can- There has become an issue on this part of the street because some of the houses are HMO and several houses 3 or even 4 cars to a house which is making parking for other residents difficult.
