What is the application for?:	Erection of detached dwelling
Address of the site or building:	adj, 152, Somerset Road, Almondbury, Huddersfield, HD5 8HY
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>This is a strong objection to the proposed building works The land has been destroyed by workers that came in chopped all the trees down without doing any kind of survey to see what was living in there and now left it looking worse than before.</p> <p>The construction of this one house will effect the local community massively with the already over-crowded parking situation, too many cars and not enough spaces so to drop the kerb for one house when many others will suffer doesn't seem like the right choice.</p> <p>Please consider the local wildlife, this small area was the nesting and breeding space for many birds that have now disappeared because of the works so far, so please consider the future disruption that this construction will cause to them as small green spaces like this one are disappearing all over Huddersfield.</p> <p>I would presume that the safety issues would be considered for cars reversing in to (and out of) off road parking from this very busy main road and I believe there is a very good reason that no houses have off road parking where there are houses on both sides on Somerset road</p> <p>I believe this is a mistake and we shouldn't allow this build here and as the design is for a four bed house it would be perfect for the owner to convert to student let in the future due to its size and location to the university and as a local we don't want this to happen, its just a developer doing a fast cheap build for biggest return of money.</p>
