As a resident of Crosland Moor i would like to express my support for the proposed Lidl store application **2023/62/91405/W**.

I believe it will be a welcome addition to the area bringing jobs and a new cheaper supermarket which is very much needed in the area due to the cost of living crisis.

I believe the location is perfect to supply the whole area of Beaumont park and the proposed new build homes on the site of the fireworks factory and i hope the council seriously consider the application and pass the plans to build the new store

Thankyou
