

PETITION

To the Planning Officer, Kirklees Metropolitan Council Planning Application for Lidl Supermarket at the former St Luke's Hospital site on Blackmoorfoot Road

We the undersigned, are very concerned the proposed application for a supermarket at the above site will generate even more traffic on one of the ***busiest and most congested*** roads in Huddersfield. The new housing estate which has just been built here has already caused additional traffic impacting safety and adversely affected the environment for residents.

Additionally, the building of yet another chain supermarket here will have a negative impact on longstanding local small shops and stores, which are located nearby and risk putting them out of business. In the longer run this will reduce the choice for shoppers as well as encourage the use of even more cars to visit the supermarket, 7 days a week.

Therefore, we would strongly request the planning officer to ***refuse this application*** for the reasons briefly outlined above.
