Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I walk past this site every day and the parking on this street is horrendous parking all the car in a row will give the effect of a car park and not a driveway Surely the site is too small for a detached house and the people who live in number 19 will be looking out of there bedroom window onto a gable wall that is far too close to the window and under minimum permitted distances
