| <p>As a resident of Lincs Wold I strongly object to this proposed planning application due to the access road being directly behind my house, this road is currently a single track and is not at all suitable for an access road.</p> <p>Traffic will travel directly behind my house and will invade my privacy.</p> <p>There is already lots of traffic at the entrance of the road due to the number of dwellings at Walton heights and this would be unsafe to allow more vehicles.</p> <p>As stated the traffic will be directly behind my home and will cause noise pollution and traffic pollution.</p> <p>The previous use of the land was a working farm and never had a large amount of traffic travelling down the road.</p> |                              |
