<p>This cafe offers best matka tea in batley and people like me from nearby areas can get very easily. I havent seen any place except chai shai which offers freshly baked donuts which are oven hot and delicious. These type of business support local youth and peoples by providing jobs and a comfortable place to socialise. The building of chai shai is located in this area from 2019 and it has been fully developed by the owners uptil now and huge amount is invested in this regard,</p> <p>The cafe was just a container with open sitting in 2019/20 but now its a proper building with proper structure, strong roof, perfect floor, fire exits, external fully developed structure and beautiful interior which gives a proper look of food cafe and customers feel very comfortable and safe.</p> <p>The boundry wall of cafe facing bradford road is newly developed which matches properly regarding building structure with other buildings on bradford road. So i support chai shai and its application should be approved regarding planning permission. We really need these type of small size business so they can provide their unique and special services to the public and can provide job opportunities for the locals.</p>
