<p>I object to the application on grounds of scale and impact on affected roads - Lower Mill Lane, Hollowgate and related junctions at Upper Bridge, Rotcher and Victoria Street. These roads will be adversely affected by construction traffic and then 61 homeowners cars.</p> <p>Age related 55 year olds will have 11 further years of work before state retirement age. They are most likely to own cars and drive to work. Excessive car parking provision will encourage this car ownership.</p> <p>School children walking to and from school already experience poor junctions without pavements at the bottom of Rotcher and Goose Green. Narrow pavements on Hollowgate already incur illegal parked vehicle obstruction.</p> <p>This large scale development can only make pedestrian movement in Holmfirth yet more dangerous.</p>
