Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
<p>The planning proposal adds to the already difficult traffic and safety issues on Hollowgate and lower mill. The car users for residents and visitor will make a horrendous situation much worse.</p> <p>I fear for the h&s of pedestrians in this area as many people use the narrow two way road to avoid town centre traffic lights and backlog, and the congested red parking in the area make the place a real hazard.</p> <p>If the planning committee approve this application I will publicise this objection everytime there is a subsequent accident or near miss.</p> <p>Planning should focus on reducing the existing vehicular congestion and H&S risk before adding to it by building high risk properties that will attract more car using residents but also many more visitors looking for local parking.</p>
