<p>The area is of great importance to the environment of the area that supports beautiful wildlife . Not only the loss of light to our properties at Prickleden with highly built apartments which will most definitely add to the loss of privacy been overlooked. Overloading the water and sewage systems which the plan shows a day communal build goes over the areas main sewage systems . Shortage of facilities such as Doctors, Dentist and emergency services which many people in the area can't get registered with.</p> <p>Vast amounts of traffic on site , cars , taxi, All the emergency services, care workers,,refugee wagons, delivery vehicles .All vehicles will have to come through Holmfirth centre on Hollwgate , Lower Mill Lane which is heavily affected already to date.</p> <p>I would like to add that a large majority of persons over 60yrs old all could have one or more cars at their apartment plus including visiting family and guests.</p>
