<p>I live on Lower Mill lane the street where access will be used for the sites heavy traffic whilst the building work is carried out. Our street is already impacted negatively by tourist traffic and we regularly cannot gain access to our street via Hollowgate due to inconsiderate parking. This will only get worse once the lorries are going up and down the road during building of the apartments, and feel the developers too will be impacted by not being able to always gain access to Lower Mill Lane causing back up of traffic both on our street and Hollowgate.</p> <p>I am also concerned over the noise and pollution this extra traffic will bring to the area. I do not feel we currently have the infrastructure around this area to allow the building of such a huge project.</p> <p>I am also concerned for the impact the development will have on wildlife in the area. I regularly see Deer, Rabbits and birds in the Prickledon Mill area and feel the development however conscientious they may be will only have a detrimental effect on wildlife in this area.</p>
