This application seeks permission for the renewal of the temporary use of the site as a car park which was previously granted planning permission under application reference 2020/91629 for a further period of 4 years.

The application site is located at the junction of Southgate and A62 Leeds Road with access from Pine Street via Old Leeds Road.

The site was previously used as a car park up until 2015 when the sports centre was demolished together with the associated parking provision including the multi-story car park on Pine Street.

The car park comprises of 152 car parking spaces with additional on-street parking spaces on Pine Street giving a total of 168 spaces. The car park is open 24 hours a day and is also available for football match parking. A pedestrian link is provided to the northwestern corner of the site for improved access to Huddersfield Town Centre.

Given that this proposal provides town centre and football match day parking Highways Development Management has no objection to these proposals.
