To whom it may concern,

Edgerton Hotel already has a kitchen in number 88 that is more than sufficient for the hotel's needs. Therefore, there is no need for kitchen facilities at 90 New North Road. The current kitchen has everything needed for the day-to-day running of the hotel; the site is fitted with a cooker, fryers, a dumbwaiter food lift, dishwashers etc. The current space is absolutely adequate for the purpose.

Yours faithfully,

Balal Ali
