I live near by to this application.

I read alot about the application and notice alot of objections to this application.

It makes me really worried about the comments made i support. When they say the new centre will benefit everyone and there have never been any problems.

I only have this to say and object this application. Why they lie on every occasion. Can someone explain.

1.) Over the years there have been severe traffic parking problems everytime when people attend the Mosque. They block the road. The Mosque committee has not made any effort to sort problems and never approached the local Residents and discuss the problems we are getting . I have seen cars blocked and the Mosque attendants never bothered to help and even bother to say any thing.

2.) I have seen them say in every previous planning application they made that there will be no people bringing cars and that they will walk to the Mosque. Everyone who attends the Mosque will be local. But they are so bad that everyone of their user comes from outside the area as far as Bradford and far away . That is the reasons the Ravenshouse Rd is blocked. On Friday prayers about 100 people attend and everyone parks car outside the Mosque and block the Ravenshouse Rd.

3.).Can I tell you don't believe me because I don't want you to. But please do believe the Police and the Highways Department because they have been out on calls at Ravenshouse Road Mosque. So do accept how much time has the Police and Highways Officers wasted on this if the Mosque Committee were properly doing and dealing with the complaint then do you feel that the Police would be coming out .?

4.) The noise from the Mosque and the privacy aswel. Take that in to account.

There is a local Mosque only around the Corner at Pilgrim Avenue . There is no need for another big Mosque.

I am a Council Tax payer and live in The area please do give some attention to my concerns and make wise decisions and refuse the application.

I am shocked that they have made a further planning application because they already have a previous planning application which has 6 conditions and I can see not one condition has been complied with.
