<p>As a family, we are in favour of the erection of this development. We think for the long-term it would be helpful for the community as ultimately a teaching centre helps people to be educated more which can result in respectful members in the community.</p> <p>It is crucial not to make problems like parking such a big deal, as if we ask the driver that park near our house to move off, they will do so. I personally think it's an exaggeration made by some fellow members about the noise complaints too, because we live very close to the mosque and barely there would be any problems.</p>
