We face difficulties on a daily basis, yellow line and zebra crossing violations. Blockages to our business Quality food store that occur constantly.

Mosque users get aggressive when told to move their vehicles due to blocking us, mosque trustees and Marshall's are no where to be seen all of which are reported to the police.

Kirklees council are sent evidence constantly and are fully aware of this.

This mosque can not solve the traffic and safety problems that already exists which are created by them. There are serious issues on Ravenshouse road due to the mosque that too being on a single story building.

One can image the risks associated with a bigger mosque would not only tremendously increase vehicles and people it would increase violations and accidents causing an unsafe environment for everyone using Ravenshouse road.

We have a bigger mosque and community centre a 100yds away in pilgrim that caters for the same people, same religion. There is no need for the council to pass this unless they want to create an even more dangerous environment for the multicultural community.

I urge the council you have the evidence that has built up over the years, the restrictions implemented are having no affect, the issues are getting worse there is absolutely no justification to pass this.

All these years our multicultural community has and still is suffering on a daily basis, if the council and mosque can not solve the existing problems they should certainly not play a hand in making it worse.

The council should fail this as this is a fail on all aspects and focus on solving the problems that the mosque has created for years.
