With reference to the above application for demolition and build new Mosque.
Planning Application Number 2023/62/91715/E.

Further I write regarding the above and demolition to build new Mosque.

I like to object to this application on following grounds.

This Mosque has been running for few years since it was opened the traffic issues have increased because the people who attend this Mosque are too many and have no where to park cars. Even their Car Park is a problem as either people don't want to park their they are worried they can't get back out safely and are stuck. I note recent T. P.S report . I feel their report is no use because I see no difference in T.P.S that is different to what already has been given to Council by the Mosque committee. I have noticed every single day people who come to Mohaddis E Mission Mosque block Ravenshouse Road completely because even buses can't go through. Accidents have happened. THE MOSQUE COMMITTEE HAVE FAILED IN THEIR DUTY TO STOP THE PARKING PROBLEMS ON RAVENSHOUSE ROAD.

People also go and park and block Pilgrim Drive. So many people attend. On Friday prayers and on evening times to drop children.

There is another Mosque on Pilgrim Estate adjacent to Mohaddis E Mission Mosque no further development is required.

So many times complaints have been made to highways and Ward Councillors regarding this problem. The Police been involved on many occasions.

The Council and Ward Councillors always say they cannot do anything to solve the ongoing problem. To avoid further problems please refuse this application.

THANKYOU

ANONYMOUS COMPLAINT
