<p>Councillor Ammar will support this and even if it's wrong he will still say it's right. The Mp Iqbal Mohamed will also support this. You are Kirklees council you are independent and their for the local community and not the politics. This building they are planning is too big it's like 4 floors with basement. If it was a single floor building it would maybe be okay but look how big they are planning. It's 4 floor with a basement, Ground floor, 1st floor and roof for "storage" = 4 floor it's too big. This is a refuse think about the locals buisness and our community and residents and road users. Fail this and take my comments about councillor Ammar and Mp Iqbal seriously please as they are in power and will use influence to pass this and this is not political. Please refuse do not pass this if you pass you will have to take responsibility for what happens after. Mosque will blame drivers and council will blame mosque so if you pass the council will need to take responsibility for what happens after if you pass. The car park is too small people are afraid to park inside because they can't get back out they get stuck inside there. They is no valid reason to pass this at all. Take into account everything with my concerns and Refuse this.</p>
