<p>We use this mosque daily and we also object to this application. They don't really want to sort out the traffic or violation issues they cause. They just want to expand into a university over time to beat the biggest mosque in Saviletown. They say once they have permission, any blockages or traffic management issues becomes council problem as roads belong to Kirklees.</p> <p>I myself have seen cars parked on becket, pilgrim all the way down Ravenshouse road and low road to the very end. Some people don't complain to council because they have lost hope they won't do anything as seen over the years.</p> <p>They indeed message all users in WhatsApp to let us know when not to bring students because reports were being made.</p> <p>Refuse and make them sort all their issues out with the whole community as local people are fed up and if permission is given Kirklees council will be held responsible for the aftermaths.</p>
