I would like to put my view if objection for the application. Traffic is so bad at the moment and has been for years due to the mosque users. It will only get worse if permission is given. I live here and have been subject to the roads, footpaths being blocked, there is no public safety at all. We had put in numerous complaints to the council and still there is no resolution to the problems the Mosque has caused for years. I hope the council take my concerns seriously and refuse this application as it is out of control now what will it be if permission is granted?
