<p>Its great to see the new proposed plans being submitted. Ive been using this mosque for the past 15+ years and have requested many times for updates and expansion to allow for the facilities to be more adequate for modern needs.</p> <p>Its great to see how this establishment offers staffing etc during the tuition timings and it would be great if other establishments follow this process.</p> <p>This allows for a steady traffic flow with minimal to no impact on ongoing traffic and from my observation on local residents too, I hope this continues after the new building is completed.</p> <p>I am in full support of this application and it would great if approved as the specific area needs establishments such as this to continue the positive impact it brings.</p> <p>The current block of buildings look out dated and bring a very neglected overview on the area, the new proposed plans will hopefully also impact the aesthetics of this local area whilst provding facilities for all ages and genders of the local community.</p>
