Good to know yet again the planning application has been made by the Mosque. Unfortunately I am confused because for last 12 years Mohaddis E Mission Mosque has been operating. Out of last 12 years the last 5 years are been worse and are continuing to be bad. Sadly I should support the mosque application but I am worried about the way things are getting on..

The users who come to mosque block the roads and they park anywhere. They don't compromise with local residents and they don't park in the Car park. Children are at risk. The Mosque committee cannot control the traffic. On Friday the whole Ravenshouse road is blocked.

I feel it is the planning Department who are responsible for such problems because before giving approval to application why they can't consider the consequences that a place like on Ravenshouse Road.

As planning Department I say strong and open you made mistakes in the past so don't repeat mistakes again. Sarah you will know how many times people like me have complained about the Ravenshouse Rd Mosque to the Council and Councillors. The Councillors are people who represent the Community but when the Councillors are sitting on Planning Committee they feel they are sitting at 10 Downing Street where we the residents can't say anything to them and most important they want to keep their friends happy so want to pass any application to make friends happy. But please don't repeat this again now that your aware what is going happening at the Ravenshouse Rd.

I am fully aware that the Mohaddis E Mission Mosque may start a petition to give to a planning Officer or the Councillors but what I am telling you is this take in to account the current problems.

Do you know how much it has cost to Kirklees council in Costs.

The Highways had to put yellow lines and they have to send Parking enforcement officers to Ravenshouse Road at Mosque times why because the Mosque committee cannot control.

Remember they are now wanting a 3 storey building do you realise what problems will come with this.?

They will create more traffic parking problems.

Who will suffer the Council because if complaint to the Mosque The mosque say its the Drivers fault and what will happen is that the Council will suffer. Because we will complain to highways. Planning Department just will pass but highway will suffer for years.
