<p>As a resident of over 35years on Mount Road I'd like to voice a very strong objection to any further houses being built off Netherley Road. The traffic on Mount Road is now at a dangerous level. The access is severely restricted due to parking on both sides of the road. Traffic from building vehicles and ultimately new residents vehicles would further add to this danger. Additionally when bad weather occurs vehicles from Netherley and Old Mount Rd park on Mount Road adding to the danger for the residents of Mount Road as they are unable to access their properties due to additional vehicles.</p> <p>Further concerns are regarding flooding. Whenever heavy rain occurs water pours off the field and floods residents gardens. Any additional building work will cause additional problems for the residents of Netherley.</p> <p>I have raised objections in the past to any further developments. The plans submitted do not change any of the concerns we had in the past.</p> <p>This field should never be built on as the local infer structure cannot hope with any additional dwellings.</p>
