<p>I wish to object. I agree with and support the other online objections. Personally, I use the public footpath frequently with my family - this application would jeopardise our safety. The single track access is unsuitable. Increased vehicles will contribute to existing parking problems and busy traffic flow in the area. Large vehicles would be unable to access the site safely.</p> <p>This is greenbelt open land (inc natural drainage) which should be respected and protected, as should the vast wildlife.</p> <p>The possibility of damage to the trees to the boundaries is concerning, as is how services will be accessed without going across existing properties and land or using unsightly overhead cables.</p>
