Details of the pre-application advice received

A pre-application consultation letter and a copy of the proposal plans were sent to the Chief Planning Officer on 03/04/2023.

Response received from Development Management Deputy Team Leader:

"I note the proposal would increase the amount of infrastructure which is installed to the building, which is a grade II listed building (EH Ref: 134328) and would raise concern about the impact it would have upon a heritage asset, although note there would be some level of public benefit resulting from the development proposal, it is not clear to what degree this would be over and above that which exists already as a result of the current installation. In the absence of identified alternative sites it is difficult to provide a fuller / firmer opinion about the proposal. I note there is a more industrial area to the east of the site which may be better suited to the installation of telecommunications equipment than a grade II listed church and would recommend consideration is given to less sensitive sites such as this."

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
