<p>We have no objection to the building work however I and other residents of Wheatroyd Lane are concerned about the damage which may be caused to the road surface by HGV's and the speed at which these vehicles will travel along the Lane.</p> <p>Wheatroyd Lane is a single track narrow unadopted road with a public footpath along one side and residential houses along both sides, where resident's and visitor's cars need to park partially on the footpath to ensure easy access.</p> <p>In recent months we have seen a deterioration of the the surface with potholes starting to develop largely, we feel, down to the increase in large vans and contractors vehicles using the Lane.</p> <p>I would like to see a requirement inserted into the planning consent that the applicant is required to make good any damage to the road and also a speed restriction imposed on all contractors who use Wheatroyd Lane.</p>
