Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>Although this property has a small area for vehicle parking, which would probably be used for the workforce, the property is on the brow of a hill and the corner of a street, making it very difficult to park for drop off, pick up, difficult without causing a major traffic hazard to both road users, pedestrians, buses and by those using the premises as they would park on both sides of the road causing congestion outside the premises and further up and down Old Lane and nearby residential roads. For these plans to be effective, some parking restrictions need to be enforced, whether residents parking only or other enforcement means.</p>
