Ref: Application no. 2023/62/91907/W

Hello

As a member of the local community I would like to offer my support in favour of the above planning application.

disused land on which the proposed development would be built. After looking at the plans, I can see that the new houses would be quite a distance away and therefore I feel that this wouldn't have any visual impact, neither would it pose any privacy or noise issues for any surrounding properties.

Over the years, I have seen the site become more overgrown and it only seems to be attracting anti-social behaviour, fly-tipping and vermin. There have been several robberies in the area and criminals have been taking advantage of the disused land, using it as a route to their activities.

If the new development is built this would make the area more attractive, ensure that our community is a much safer place by providing natural surveillance and also provide much needed housing for growing families.

Overall I believe this development would be a great asset to the community.

Thank you
