<p>I'm slightly confused about ownership of the land. From my understanding the land is owned by the Freeholder Shenstone Properties Limited. They are the ones who are the freeholders of the land and several properties in this area (according to land registry). However it seems that Mr Ali has mentioned he owns this land. Could we get clarification on who the owner of this land is and whether the Freeholder who is the current land owner has been made aware of this application and have been consulted on these plans? Also, if the land has been sold and bought why has it not been published anywhere? Grateful if the Council could also look into this issue.</p>
