I want to support this application, it is good to hear that this place is developing as it has been unused land for years. I'm aware that this land attracts abnormal activity such as drug use, it is not a safe place at all so building houses here will make it a much safer place and this will be a great benefit as more affordable homes are needed. This will also make the area much cleaner and gives the youth more opportunity to move into an affordable house. Great job.
