<p>As a resident of Kingsley Avenue for many years way longer than those at 18 Kingsley avenue, I strongly object against this application. It is a quiet street with children regularly playing and a close nit community. 18 Kingsley avenue was once a bakery and then a delivery only takeaway so I don't think they understand the meaning of a residential area. Luckily they have closed the business down but are now planning to overpopulate the community with a further 10 houses. The parking situation at Kingsley avenue is already a shambles compared to what it was 10 years ago. Adding an additional road plus 10 houses is really not going to help. There has never been any anti social behaviour on the street or behind Kingsley Avenue. Yes the grass maybe overgrown on the plot of land but as 18 Kingsley avenue now own the plot of land the onus is on them to have it cut and control its growth. If they are looking to add a further 10 houses they need to do so in a densely populated community where it does not inconvenience everyone else. We already have him collections regularly missed due to the fact there's cars parked on either side of the road and disabled wheelchair users regularly are forced to walk in the middle of the road due to parking issues putting themselves in danger. So adding more traffic in the area is just a recipe for disaster. They really need to reconsider their option. People have plans to stay here their whole lives</p>
