Address of the site or building:	rear of, 18, Kingsley Avenue, Lockwood, Huddersfield, HD1 3SR
Postcode:	

User comments

Type of comment: A general comment	
Do you wish your comments to be published on the website anonymously?	Yes
<p>With reference to previous comments made by residents of Kingsley Avenue regarding the parking situation and safety issues, I would like to point out, that each household on the Avenue appears to have multiple vehicles and perhaps they have created issues for themselves by doing this.</p> <p>Has this issued been raised previously or is it purely because the applicant has submitted plans for the development?</p> <p>The objectors state that they have a concern for climate change. If this is the case then perhaps they could look for more environmentally friendly means of transport which would lessen the congestion by cars on the street.</p> <p>I notice that an objector has pointed out that there is no rubbish being dumped elsewhere on the site, apart from the rear of no. 18 Kingsley Avenue. They have attached a Google satellite image as proof.</p> <p>This image is outdated and also a previous comment clearly shows many recent photos of the site with piles of rubbish scattered all around.</p> <p>I hope the objectors come to realise that the planned development would totally transform the area. Making it a more aesthetically pleasing and safer place for all.</p>
