<p>The objectors have said in previous comments that they have safety concerns about the construction site posing a danger to children. Did these residents not consider the safety aspect and congestion at the time when many of them were having large extensions built on to their houses?</p> <p>They also forget how many other businesses operate on Kingsley Ave, and yet no one has started a petition regarding the trader buying and selling cars , or customers collecting cakes from the bakery business. Are these businesses not causing congestion?</p> <p>Residents need to realise they are making a complete mockery of themselves just because of a proposed new build development. Also it has come to my knowledge a few residents are also interested in buying one of these new builds once the development goes ahead, wouldn't that be funny first opposing the development and then living there next to each other.</p>
