<p>Hello, I am actually with the application HOWEVER there needs to be one big change. I don't mind the houses getting built. But the main objection for me and most people is the traffic/ parking etc. The applicant must reconsider and I advise them to create the road going to the new build from Church Street or any other way apart from Kingsley Avenue as this is the main cause for concern. There's a higher chance people will support this if the road leading to the new build was not on our street. A different access towards the new build would also benefit from not having to knock down number 18 house &amp; takeaway.</p>
