<p>Most of the residents are strongly objecting to this application. Most common comment that keeps coming up is the traffic situation on Kingsley Avenue. It's already been difficult for the bin collection vehicle to access our street resulted in many missed bin collections, imagine increasing the traffic flow on Kingsley Avenue will create a bottleneck that may restrict emergency vehicles accessing our street. This is a common concern by residents.</p> <p>Many residents that I have spoken to have expressed their will to raise an objection, but many don't know how to make comments on the application. I believe before any decision is made on this application, there should be a discussion or a survey conducted on Kingsley Avenue to provide an opportunity to all the residents to express their views.</p>
