---

Dear Sir or Madam,

I am writing to you in regard to the planning application number 2023/62/91907/W. Recently, it has been brought to my attention that a number of local residents voiced their discontent with the proposed development of the area neighbouring Kingsley Avenue.

As a resident of this neighbourhood for over a decade I saw it rapidly lose the socio-cultural value due to the very low marks on the Index of Multiple Deprivation. However, I personally believe that the application 2023/62/91907/W is a good investment in the future social-geographic development of the local area.

Presently, the rough and overgrown patch of land serves no particular purpose except for attracting the antisocial behaviour fly tipping. As a consequence, at its current state, the land is a sore torn in the fabric of the local community. I believe that the utilisation of this land for the purposes of developing the proposed ten dwellings could ultimately limit the antisocial behaviour that currently plagues Crossland Moor and the surrounding areas.

Kindest regards,
