

Name of applicant/agent	Catherine Wardley
Site Address	Ash Tree Cottage 72 The Village Murstonsland
Description of Development	Greenhouse

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:

Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)

No energy demand,

Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)

Reputable manufacturer of greenhouse
ie Gabriel Ash endorsed by KHS

Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

See above

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

Position of greenhouse will optimise sunlight and therefore use natural energy

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

N/A

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Use of water butts to collect rainwater

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

Grow more plants which are pollinator friendly

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

N/A.
