<p>I would like to object to the construction of the Bike Bunker as it is to store a motor bike which could be a fire hazard as the bunker is to be built from wood. The Bike Bunker is also in the front garden facing the highway close to the public footpath and would be the only construction of this type on the Avenue.</p> <p>The Storage sheds at the back &amp; side of the house will be higher than the dividing garden fence &amp; will be on the boundary of the properties.</p>
