Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

sympathetic conversion of an existing listed church to (2no.) residential dwellings, forming new residents car park, external amenity spaces and associated works.

Has the development or work already been started without consent?

- ☐ Yes
☒ No

Listed Building Grading

What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)?

- ☐ Don't know
☐ Grade I
☐ Grade II*
☒ Grade II

Is it an ecclesiastical building?

- ☐ Don't know
☒ Yes
☐ No

Demolition of Listed Building

Does the proposal include the partial or total demolition of a listed building?

- ☒ Yes
- ☐ No

If Yes, which of the following does the proposal involve?

a) Total demolition of the listed building

- ☐ Yes
- ☒ No

b) Demolition of a building within the curtilage of the listed building

- ☐ Yes
- ☒ No

c) Demolition of a part of the listed building

- ☒ Yes
- ☐ No

If the answer to c) is Yes

What is the total volume of the listed building?

4687.65	Cubic metres
---------	--------------

What is the volume of the part to be demolished?

60.95	Cubic metres
-------	--------------

What was the date (approximately) of the erection of the part to be removed?

Month

May

Year

1858

(Date must be pre-application submission)

Please provide a brief description of the building or part of the building you are proposing to demolish

demolition of existing building fabric to facilitate the installation of new building fabric. the demolition will consist of the following; 1) cutting out new apertures within existing floor to facilitate casting of new pad foundations associated with new internal steel structure 2) part/local demolition of existing roof to facilitate installation of new roof lights 3) part/local demolition of pockets within existing walls to facilitate installation of new steelwork structure 4) 'soft strip' removal of existing pews, benching etc as shown on demo drawing. 5) cutting minimal apertures within roof structure to facilitate installation of new ventilation system. please refer to submitted drawings which show extent of area to be demolished

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

to facilitate installation of new building fabric. the intention is to keep any demolition to an absolute minimum and retain as much of the existing building as possible. the existing walls are generally 800mm thick and over 1m thick in places so the design intent is to locate any required penetration within the roof as as this is less invasive and less obvious when the building is viewed from outside.
