Subject: planning application 2023/62/92165/E

Hi

Re the above application.

It has come to my attention that planning has been sought for a detached house on the above application, the access to this property is opposite my house and to be frank it is an accident waiting to happen, Since the access was put in there have been several near misses and one bad crash of vehicles entering or leaving this access, this is situated on a bend in the road and since the road has been re-surfaced vehicles are coming along too fast.

I hope you take this into consideration when looking at the application, personally the house doesn't present a problem just the access,

Regards
