

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

Name of applicant/agent	unite designs
Site Address	land off Woodside Av
Description of Development	rear and side extension

#### **Part 2: Climate Change Mitigation measures**

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
PIR lights in the hallway
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Local merchants will be given the opportunity to quote for the materials
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

low energy bulb will be used within the property

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

PIR lights and low energy bulbs will be used

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

n/a

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

low water and high pressure taps will be used

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

n/a

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

reduced amount of delivery will be done as the client will do bulk orders
