Subject: RE: Attached letter from Kirklees Council regarding application number 2023/92444 at location former Kenmore Caravans Ltd, Huddersfield road, Mirfield, WF14 9DA

I can confirm that the technical approval process for the design of proposed private burr wall supporting the A644 Huddersfield Road at this site (subject to the submission of satisfactory Construction Compliance Certificate together with "As Built" drawings upon the completion of works) is now complete. However, strictly speaking the applicant or his agents should include signed copies of the agreed AiP and the Design & Check Certificate in their submitted supporting information in order to facilitate the discharge of condition 4.

Furthermore, Planning condition 5 is not a Structures condition, as it relates to the design of structures completely off the highway, and is likely to have been imposed by others (EA?)

Regards

Farhad Khatibi
