

Appendix A – Climate Change Statement

Name of	Mr & Mrs M Hepworth
Site Address	173 Foxroyd Lane, Thornhill, Dewsbury WF12 0LT
Description of	Single garage with no heating

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:

Q1: What measures have been/will be taken to reduce the energy demand associated with your propos
(See section 2)

It is a garage, so none required

Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes
sourcing materials locally? (See section 3)

None, impossible to do so.
However, the owner has offered to make some sun-dried mud bricks if it helps the carbon footprint, but they may not match the existing dwelling for colour and texture. So he may have to use the original suppliers to gain a match.

Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

None, impossible to do so.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency bey Building Regulations ? (See section 5)

It is a garage, no insulation required by Building Control

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

none the property is 560 feet above sea level
If this flooded Huddersfield town centre would be around 150 feet under water

Q6: What measures have been/will be taken to reduce water stress associated with your proposed 7 and 8)

there is no water in the building, it is a garage

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

none it is a garage, not applicable.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

there is no air pollution as it is NOT heated
