

**Consultation Response from KC,
Trees**

2023/92490 Former Dowker Works, Dowker Street, Milnsbridge, Huddersfield, HD3 4JX

Erection of 38 dwellings with associated access and landscaping (within a Conservation Area)

Date Responded: 07/12/2023

Responding Officer: D. Atkinson

Responding Ref:

Thank you for the consultation and I sincerely apologise for the late reply.

From a trees perspective, there aren't any existing trees and shrubs at the site that merit retention within the potential development.

As a result, there is no objection to the proposal from a trees perspective. Trees would just concur with consultation comments from KC Landscapes and KC Conservation & Design regarding amendments to the proposal and conditions.
