As a foster carer for multiple dogs via Dachshund Rescue uk and owning my own dogs of which i have 5 in total i have found that the use of the dog park that i currently use at least three times a week has been invaluable to the welfare and play time of the dogs in my care. They have an hour in which to express themselves and be "dogs" for that time and it is enrichment for them and also a time out for myself as a disabled person for the opportunity to be in the open air enjoying my dogs and i believe it helps my mental wellbeing. Without this lovely park i would not be able to exercise my dogs as i cannot walk far at all. It would take away my independence and my dogs activity time. I do not have anywhere else local to my area that i can easily get to. It would impact my life and my dogs greatly if this park should not be there.
