<p>I am delighted to see a planning application under consideration for this area of land.</p> <p>The negative effect that the existing buildings have had on the neighbours cannot be overstated. The buildings are a danger, an eyesore and a disgrace to the area. This application will remove the opportunities for a host of anti social behaviours and thereby save the valuable resource of the Police, other blue light services and Local Government services.</p> <p>It is impossible to conserve the current building and this application will bring a new and valuable use to this land. The application, including a small residential development is pleasing in practicality and aesthetics and will enhance the character of the area. The facilities for the local school will also be an improvement.</p> <p>There will be an improvement in parking facilities and therefore a positive impact on highway safety and traffic management.</p> <p>I can see no negative aspects to this application and look forwards to it's approval.</p>
