<p>This fence is already up without planning permissions and has been up for quite some time without getting the correct authorisation. It obstructs the view when exiting round hill lane- cannot see down bog green lane without car being right out into road. Also turning into round hill is a problem as cannot see if vehicles/tractors are coming down on a 1 lane street. It's an accident waiting to happen. Whilst I understand that there was a fence there before that was an ongoing problem with the previous residents of this property and this fence seems higher possibly due to the curve on it but also there is trees obstructing the view from their garden. It is a serious daily problem and really hope this doesn't cause a serious RTA!</p>
