<p>I reside at 12 Commercial Street, I have only been made aware of these proposals by the occupier of 10A, I have not received any notification from Kirklees Council, as the proposal dictates that a hot food extract will be over my property I must record that I deem this unacceptable, this extract will put hot food smells about my living quarters, my building opposite and to our outside decking which is used by customers for the hair salon, I will take all necessary steps to prevent this extract, as a retired building services engineer I am fully aware of what requirements are required to meet hot food extract criteria, I further more refuse to have an extract installed over my property and will refuse access for the installation of the extract as there is a limited right of way only over the property</p>
