Consultation Response 2023/92942 Thornhill Hall Farm, Hall Lane, Thornhill, Dewsbury, WF12 0QL

This application relates to the proposed demolition of a later 19th century lean to that has been added to a 17th century barn. Cartographic evidence suggests that the barn was altered in the mid 20th century around the time it was listed but the exact date of the alterations is uncertain. A heritage statement has been submitted with the application. This summarises the significance of the building and its development. The proposed demolition of the outbuilding attached to the barn will result in the loss of later developments to the barn complex but the removal of the attached outbuilding will fully re-expose windows and a door that has been covered up on the main barn building. The revealing of these features will be a greater gain than the loss of the late 19th and mid 20th century outbuilding as long as the works are undertaken carefully.

The works should have minimal impact on the fabric of the 17th century barn and building recording is not recommended for the proposed works. If further works are proposed to the barn at a later date building recording may be required. I have added the Heritage Statement to the West Yorkshire Historic Environment Record.

Yours

Glyn
