This property is already undergoing an extension which is at the rear and looks unsightly I have objected before on the grounds that there will be no parking for this property. It is linked with no4 Her Close already having a huge extension taking up all the land too. These two properties have numerous vehicles and vans which already park on the road and block access to the close safely. Many pedestrians use this as there is a foot path right next to the property, which is part of the freeway and a bridle way for horses, this will make this very unsafe for everyone as the ere will be no off street parking for this already overcrowded house which will only get worse. Can a also mention that this property has undertaken a new roof and has been raised a couple of inches which was not on previous planning passed. This was done quiet sneakily on both properties. I strongly object as it will look unsitely and unsafe for uses of the greenway and public footpath due to no parking.
